Yes! We do that.

Teksita delivers online, media-centric communication and promotion systems, services, strategies and solutions for small and mid-size businesses and organizations.

SM

At **Teksita**, we believe – **Communication has a new face... Yours!**

Implement a strategic online video communication and promotion plan to attract and engage people more effectively, and improve your profit potential. Have you thought of communicating with your audience using live video webcasts and webinars, or promoting your products and services using video email marketing?

LIVE and ON-DEMAND WEBCASTS and WEBINARS

Teksita can video broadcast your event, information, show, news, training, public communication, ceremony, entertainment, and more LIVE over the Internet. On-location and in-studio. Public, private and pay-per-view.

EMAIL MARKETING MANAGEMENT

Expand your market - extend your growth - enhance your brand. **Teksita** can manage your email campaigns, attract your targeted audience, engage them with opt-in benefits, and measure the success of your results.

INTERNET BROADCAST STUDIOS

Teksita can implement Internet broadcast studios for your on-location and remote webcasting requirements. Customized packages consist of cameras, audio mixers, video switchers, cabling, lighting, training and more.

PRODUCTION SERVICES

Teksita can script, shoot, and edit video for online/off-line requirements, and create graphics and websites.

TEMPLATE DESIGN

Teksita can build dynamic and reusable email, webpage, video player and webinar/webcast templates to your specifications.

The **comF5** system is a web-based communication and promotion suite consisting of MailF5 (Audio/Video Email), MediaF5 (Media Management), MarketingF5 (Video Email Marketing), LiveF5 (Live Video Webinars & Webcasts), TemplateF5 (Email and Web Templates), along with comprehensive Statistics and Reporting Tools. Powerful add-ons are available.

Teksita can customize packages from any of our products and services, and personalized proposals can be prepared to meet a variety of requirements and circumstances.

Call today 321.300.6656 (MOJO) or complete the contact form at www.teksita.com. Let's innovate a strategy for you.
